

Program for Children with Autism and their Families

Are you looking for a wonderful way to introduce nature to your child with Autism? If so, come to Fairchild and experience the power of plants. Fairchild is pleased to present the Plants and People Program Horticultural Therapy for Children with Autism and Their Families.

Parents and children will receive complimentary snacks and a butterfly guide with crayons. The program continues with a children's tram tour of the Garden and fun activities, and concludes with a special butterfly release in Wings of the Tropics. After the program, you are encouraged to explore the Garden further. Bring a picnic lunch and enjoy the rest of the day at Fairchild!

Upcoming Dates:
